

GRANBERG 925

Disposable Granberg COATS® Gloves

Colloidal oatmeal coated gloves, nitrile, powder-free, dawn blue colour.

- The Colloidal Oatmeal System (COATS®) gloves contain an inner barrier to reduce skin damage and promote repair.
- Inner protective layer relieves inflammation, irritation, and itches to facilitate skin healing.
- Colloidal oatmeal moisturizes the skin, giving it a chance to rehydrate.
- Textured fingertips for optimum grip.
- Approved for medical use.
- Tested according to ASTM D6978-05 - Resistance of Medical Gloves to Permeation by Chemotherapy Drugs.
- Approved to be used in direct contact with all types of food, including fatty foods.
- Weight 3.2 ± 0.3 g.
